MEMORANDUM

TO: P - Mr. Edward W. Barrett
FROM: P - Joseph B. Phillips
SUBJECT: NPSE (new)

The meeting with Mr. McWilliams this morning was called at the request of Mr. Webb. Present, in addition to Mr. McWilliams and myself, were Mr. Marshall (S/P), Mr. Davison (IP10), and Mr. Nitze (S/P) for part of the discussion.

Mr. Webb had told Mr. McWilliams that the projects prepared for presentation to the Psychological Strategy Board were in the form of problems to be worked out. He would prefer to present them with completed projects which they would approve or disapprove. It was the consensus of Messrs. Nitze, Marshall, Davison, and myself that such projects could be prepared, but that presentation in this form raised a new question as to the functioning of the Board.

Mr. Nitze and Mr. Marshall went beyond the question of projects and raised objections to the paper setting forth the functions of the Board.

Mr. McWilliams decided to refer all these questions back to Mr. Webb with the suggestion that he discuss them further with you, Mr. Nitze, and others concerned.
